

LIGHT SYSTEMS

Extend the game

Sport Court® Light Systems extend your playing time. Our single and double headed lighting solutions let you play a set of tennis or game of one-on-one well after the sun goes down.

Design

Clean look and design of our lighting system produces a look that complements the other elements of your game court.

Corrosion protection

Specialized powder-coated steel provides superior corrosion protection for long-lasting and durable use year after year.

Safe

Sturdy manufacturing and construction keeps athletes of all ages safe during play.

Energy efficient

Upgraded LED light systems save energy and provide better lighting control.
